

OUR DAY
WITH
ROBOTEACHER

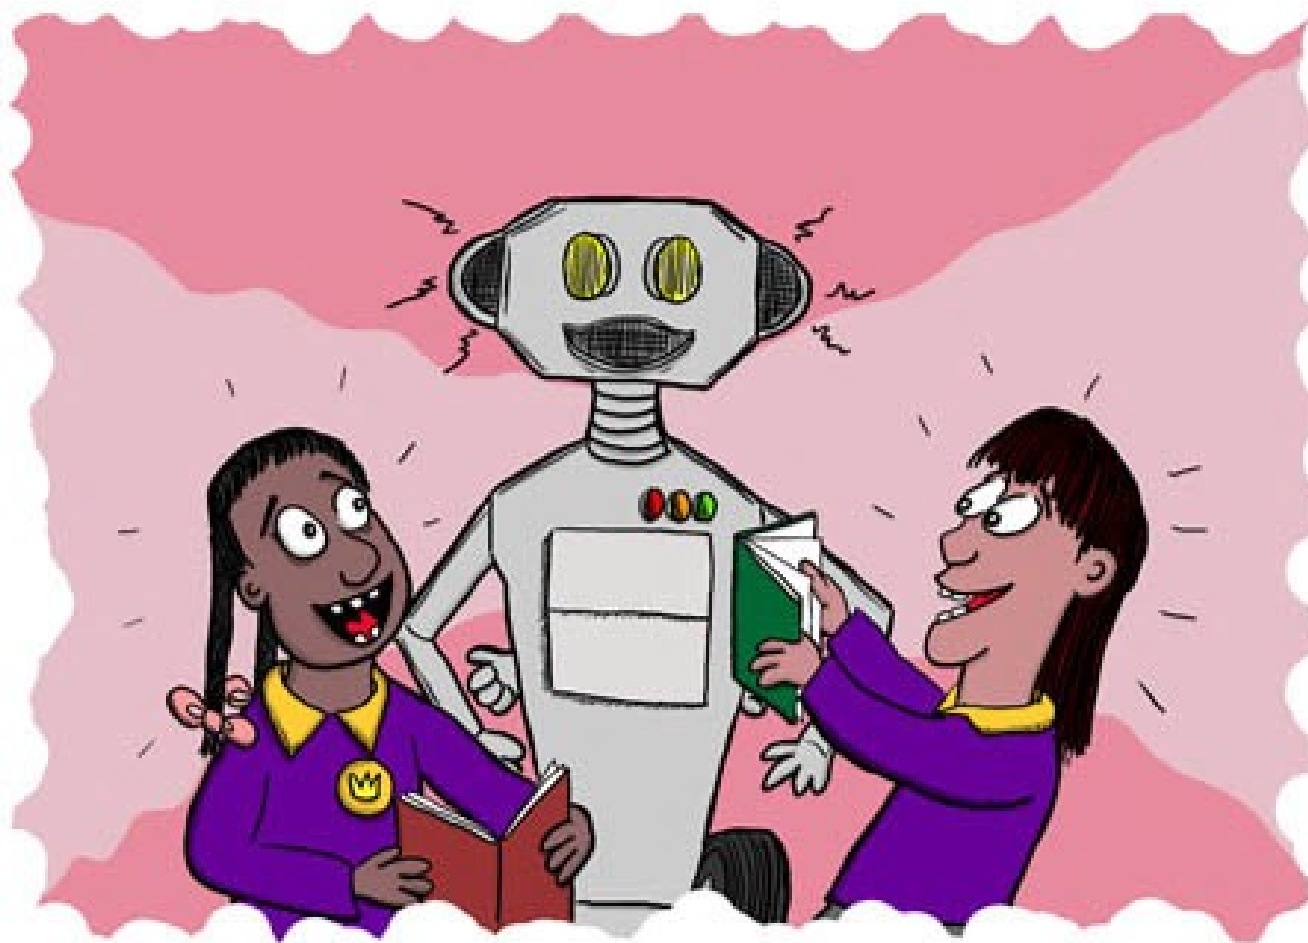

It was a bit of a shock to see Roboteacher in our classroom in the morning.

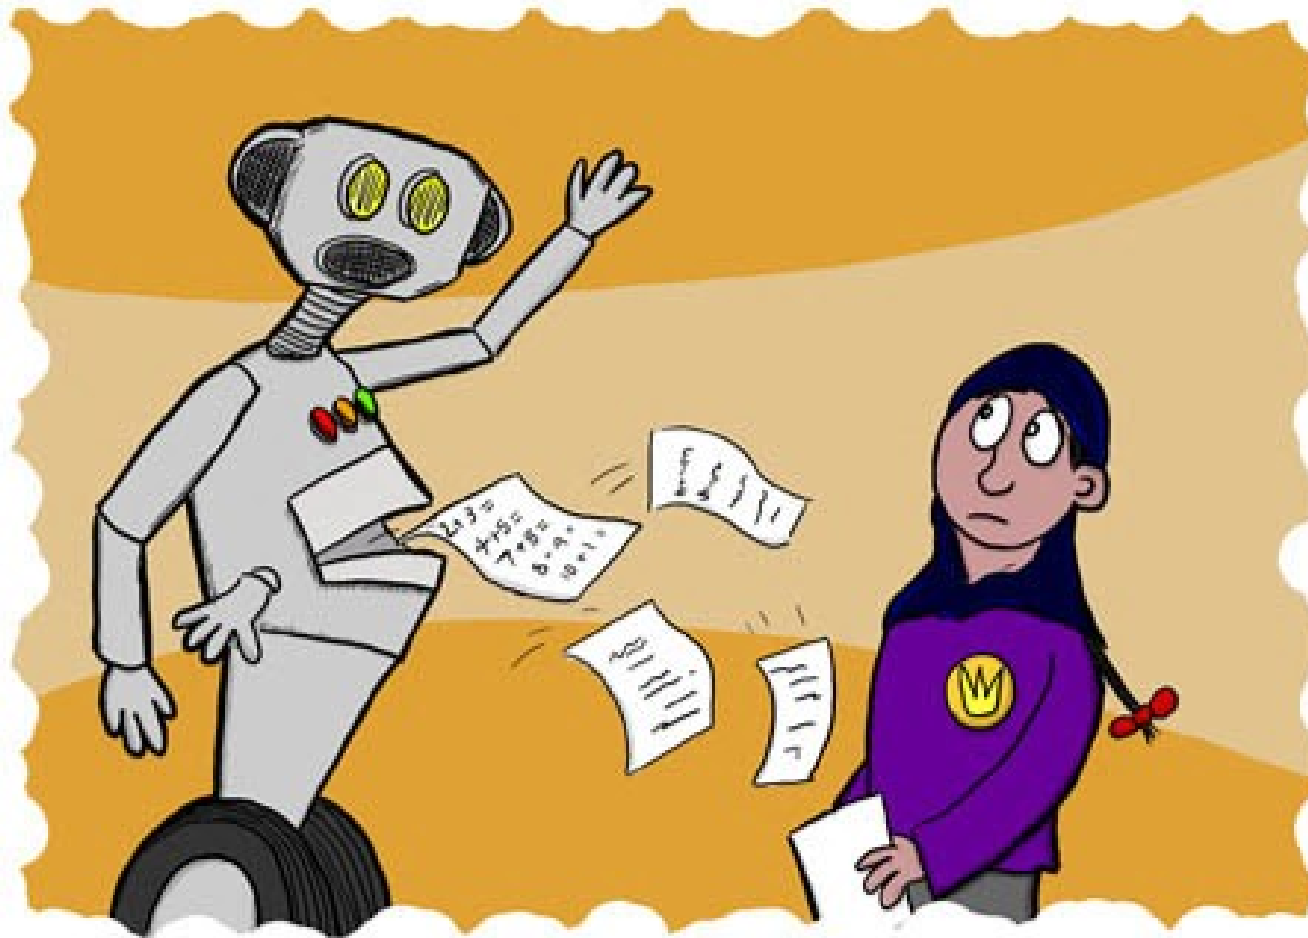

We were
annoyed when
he read our
names out
wrong.

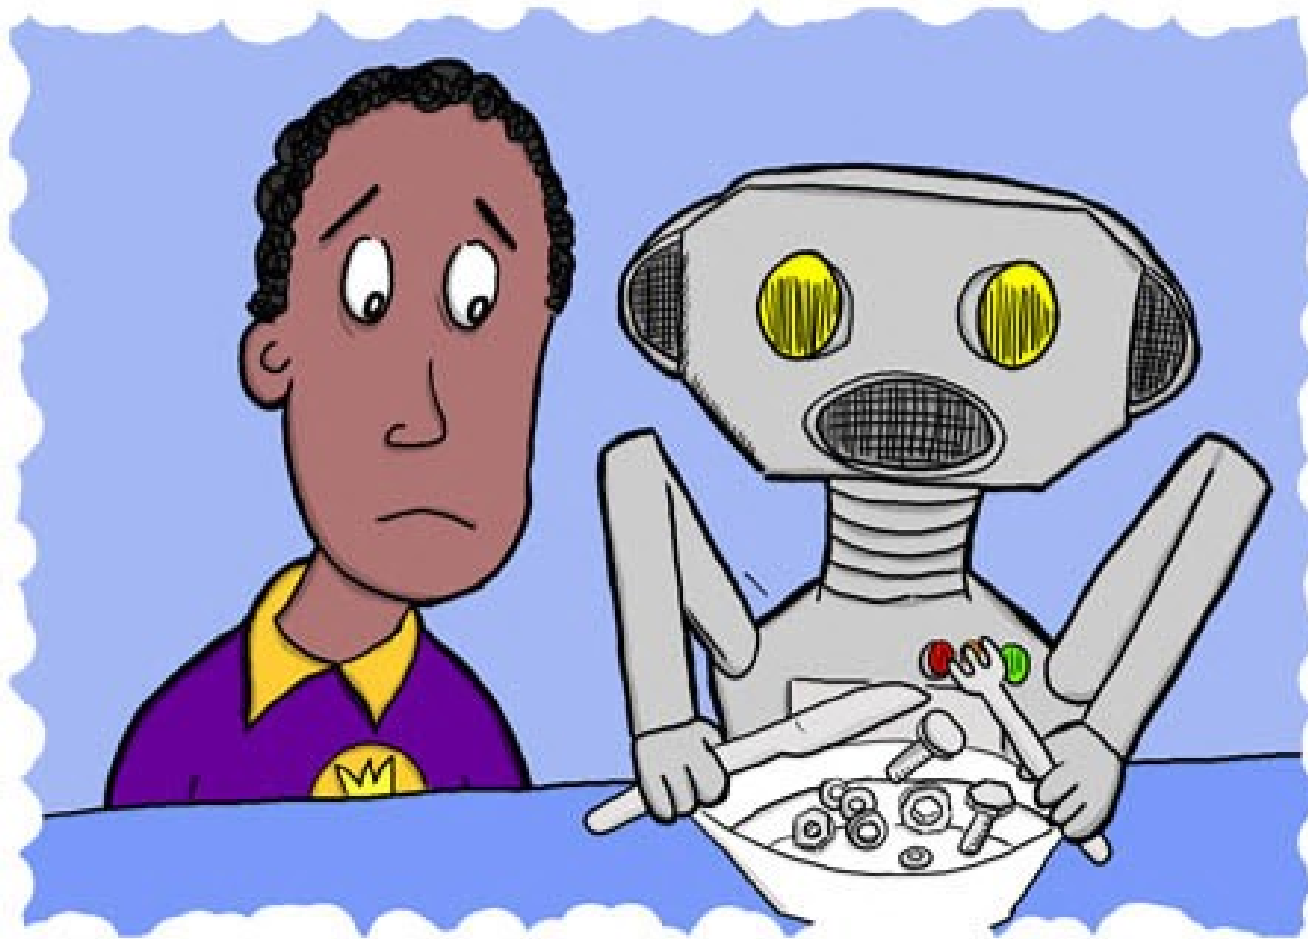

He asked us
very hard
questions in
maths.

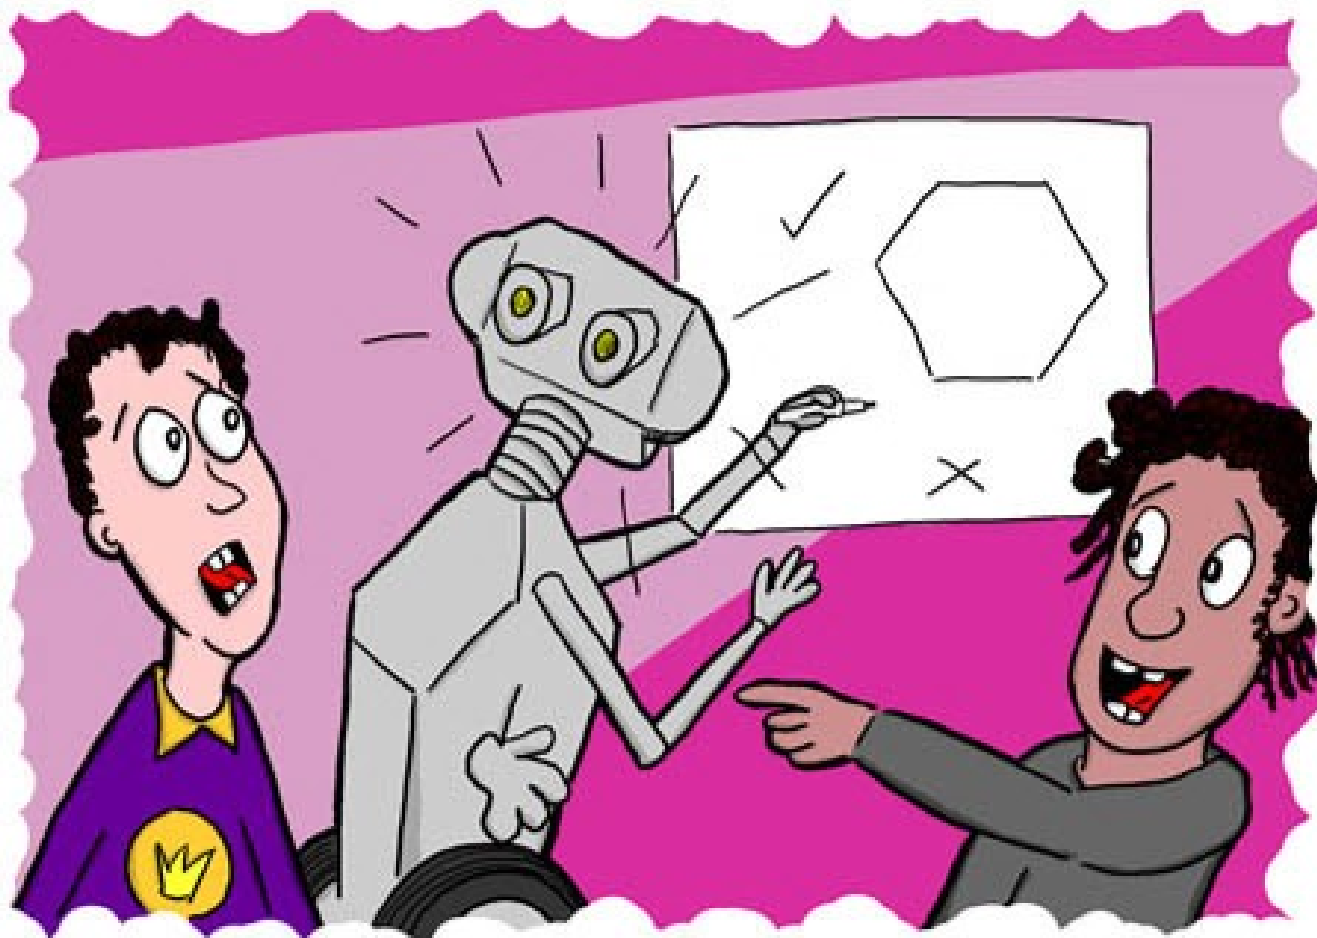

It was good
fun reading to
Roboteacher.
He could listen
to two of us
read at once!

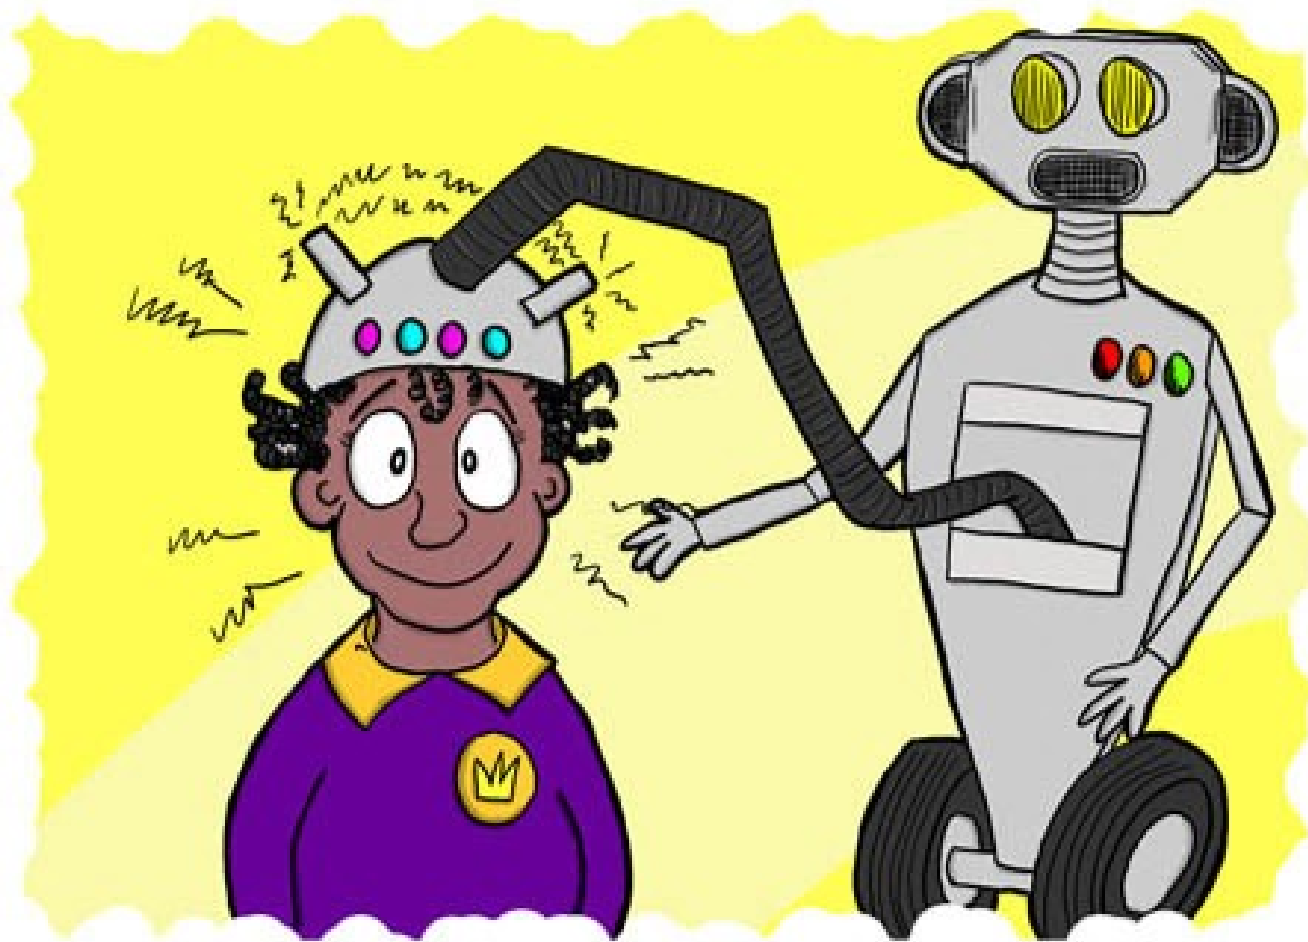

Whenever we finished our worksheets, Roboteacher printed out more for us to do.

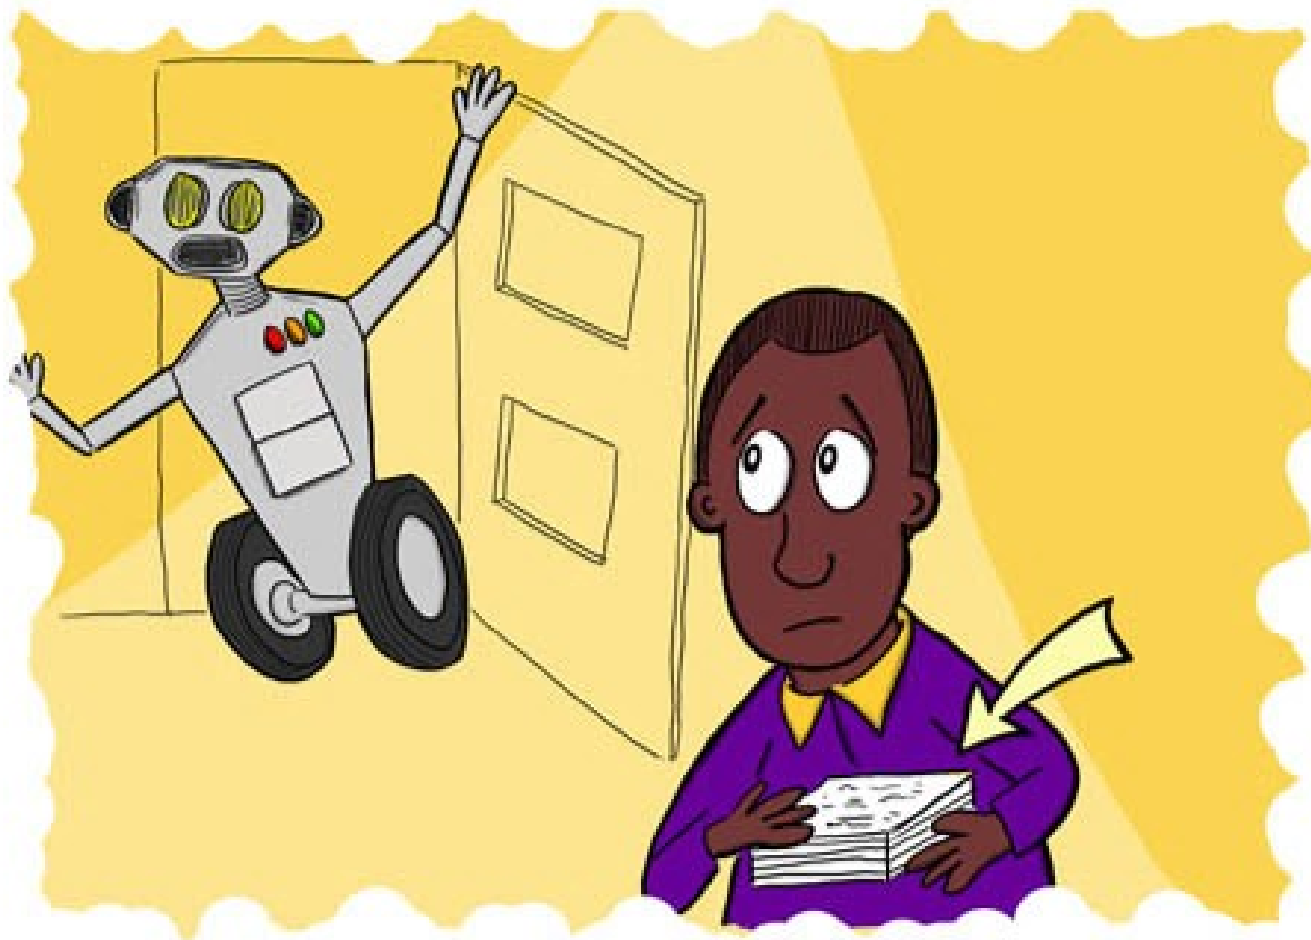

Lunchtime was
strange.
Roboteacher
had nuts and
bolts to eat.

After lunch
we found
out that
Roboteacher
really did have
eyes in the back
of his head!

Roboteacher
had a special
machine to
help us learn.

We enjoyed our day with Roboteacher but we didn't enjoy the amount of homework he gave us!
